

A Smarter Way to Manage Healthcare Costs

Discover a comprehensive, affordable healthcare sharing program designed to protect your household and lower your medical expenses.

A Community-Based Alternative to Traditional Insurance

- Impact Health Sharing is a healthcare sharing program, **not traditional insurance**. Members manage medical costs through a monthly household payment.

- Coverage officially begins on the **1st of the month** following your enrollment.

The PRA (Primary Responsibility Amount)

Think of the PRA as your **annual deductible**. Crucially, the PRA applies to your **entire household**, not each individual person.

Once the household meets this amount, sharing kicks in.

Transparent Household Pricing Tiers

Choose the PRA that fits your budget. Your Standard Rate is simply the monthly household cost based on your selected PRA.

Monthly Cost	Annual Household Primary Responsibility Amount	Co-Share
\$73	\$10,000	10%
\$119	\$7,500	10%
\$153	\$5,000	10%
\$211	\$2,500	10%

Unrestricted Access to Core Care

No Network Restrictions

Total freedom to use any doctor or hospital nationwide.

24/7 Telehealth Access

Unlimited, round-the-clock virtual care.

1 Free Annual Wellness Visit

Seamlessly coordinated. The Impact concierge helps schedule your appointment and prepays the provider directly.

Everyday Savings and Wellness Perks

\$150

Annual Lab Credit

Fully reimbursable or free through Quest Diagnostics.

\$150/mo

PRA Discount

Earn up to this amount for qualifying wellness activities like gym memberships, wellness spending, and alternative therapies.

50

Outpatient Visits

Per member, per year. Covers chiropractic, physical therapy, speech therapy, vision therapy, respiratory therapy, and more.

30–60%

Savings

Included free discount cards for both Dental and Vision care.

Seamless Billing and Prescription Coverage

Step 1: Providers bill
Impact directly.

Step 2: Bills are actively
negotiated and repriced, often
reducing costs significantly.

Step 3: Members enjoy low
copays for standard doctor visits,
specialists, and ER trips.

Enjoy low prescription pricing
across the board. Many generic
medications priced at \$10 or less
are absolutely free.

Navigating Pre-Existing Conditions Fairly

Treatment-free

Symptom-free

Diagnosis-free

The 36-Month Rule

36 Months

Expenses for pre-existing conditions do not initially count toward your household PRA. To begin counting toward the PRA, a member must be treatment-free, symptom-free, and diagnosis-free for 36 months.

Immediate Cost Reductions

Even before the 36-month mark, bills for pre-existing conditions are still fully negotiated and repriced by Impact, helping significantly lower your out-of-pocket costs from day one.

Secure Your Health Coverage Today

- 1 Visit the official Impact Health Sharing portal (Use a computer or laptop, not a phone).
- 2 Click “**Enroll Now**” and begin your secure application.
- 3 Enter Referral Code / IBO#: **07695731** when prompted.
